

## HOME OWNER'S ASSOCIATION

### Pool Key Responsibility

May 2012

Upon receiving your new key to the pool house gate, you agree to and understand the following as a resident of Olde England Lake:

- This key is my households' responsibility.
- Only members of my household may use this key.
- Allowing other OEL homeowners/non-residents to use my key will result in pool privileges being revoked. Child sitters may use your key only when they are with your children.
- If lost, \$30 fee to replace the first time. Second replacement \$50.
- **DO NOT TRY TO DUPLICATE THIS KEY.** Georgia Law states that it is illegal for anyone/business to duplicate a key that has "Do Not Duplicate" printed on them.

Your key has your LOT number engraved on it and will be a way of identifying your key to your family. Any visitors at the pool may be approached and kindly asked to show their key in order to protect usage from non-authorized users.

This is your pool, protect it from non-paying and unauthorized visitors.
